

## PROFILES OF EXCELLENCE AWARDS PROGRAM

Thank you for your interest in nominating your outstanding educational program or practice for MREA's annual Profiles of Excellence award. We look forward to sharing your nomination with our membership.

Consider these criteria and questions as you think about programs and practices that worked well in your classroom, school or district this year:

- **Innovation** -- What made this program unique?
- **Benefit to Students** -- How did your students benefit from this program?
- **Collaborative Effort** -- What other individuals, groups and/or agencies worked on developing this program?
- **Ease of Adaptability** -- How can other districts replicate this program?
